***iDENE* – A New Addition to the DII Group of Companies**

YELLOWKNIFE, NT (10 February 2016): Denendeh Investments Incorporated (DII) is pleased to announce the newest addition to its corporate structure, iDene Limited Partnership and its General Partner, iDene Ltd. iDene Ltd. is a remediation and environmental solutions company, 100% Dene owned, which will work with Indigenous and other industry partners.

“One of our first initiatives is a MOU with JDS Energy & Mining Inc. of British Columbia to form a business relationship”, said Darrell Beaulieu, President of DII Group of Companies, including the new iDene Ltd. JDS is a multidisciplinary consulting, construction and construction management company with specific expertise providing mine engineering, technical studies, reclamation, construction and technical services to various clients in the Mining, Oil and Gas, and Government services business sectors.

“I have known Jeff Stibbard, President of JDS, and his group of companies for some time now, I am happy to be working with him directly. We have a long and prosperous business relationship ahead of us”, added Mr. Beaulieu.

JDS President Jeff Stibbard commented, “Darrell Beaulieu is an accomplished leader and continues to create opportunities that advance business in the north and I am proud to be involved in that. JDS Energy and Mining has joined Darrell and his team who are grounded on superior commitment to quality, profitability and trust, which has forged our business alliance. We will deliver outstanding results for all customers and stakeholders”.

DII is the General Partner of Denendeh Investments Limited Partnership (DILP) which holds investments on behalf of the NWT Dene First Nations. DII is a recognized business leader in the Northwest Territories, providing economic growth and prosperity for First Nations, and making strategic investments in the areas of Oil and Gas, Mineral Exploration, Communications Infrastructure Logistics, Power Generation and Supply, Real Estate, and now Remediation and Environmental Solutions.

For more information, please contact Darrell Beaulieu, President and CEO, DII (867) 920-2764.
